Current Release – New Menu & API

2 Changes have been made to the Client Admin side of CQCommand.

Administrators will see their menu has changed to include CQCommand Users (previously known as Users Setup) on the CQCommand tab rather than the Profile tab.
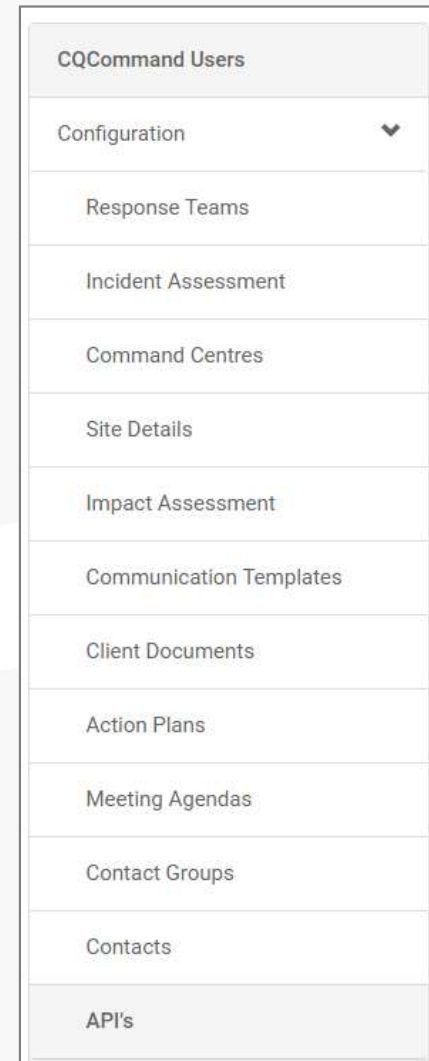

Services and Company Details remain on the Profile tab.

3 **Contacts API now available!**

Contacts can now be integrated as a scheduled automated feed from your payroll system directly into CQCommand.

Please contact us to discuss in more detail.

* Configuration fee applies.
